PROFILE

I am currently a fourth-year undergraduate who is following a BSc(Hons) in Information Technology specializing in Information technology at SLIIT. I have good creative skills, the ability to work with a team and achieve goals, leadership skills, and face obstacles well. I can work independently in busy environments and within a team setting. I have always been passionate about using technology to produce innovative solutions for everyday problems. As an individual, I always try to improve my knowledge and share it with others.
